

DONATE TODAY AND HELP CHANGE LIVES

Every year, thousands of young people are lost from mainstream education. They are the victims of a system that struggles to deal with their difficult backgrounds.

Northampton Saints Foundation, know what it is like to have been born out of difficult circumstances.

In 1880, Northampton Saints Rugby Football Club was formed when Reverend Samuel Wathen Wigg identified rugby as a way to channel the energies of some of the county's more troubled youngsters.

Today, we continue his legacy, using the power and values of rugby to bring a lasting change to young people and their community and to be a place, where anyone can achieve great things.

DONATIONS

£10 Pays for a healthy meal for one young person a week
