LOGOS

There are four main variations of the Foundation logo which are also available in white to be added on black, red or grey backgrounds.

In order to maintain clear legibility at all times, our logos should always have adequate white space around them. No other colour versions of the Foundations logo should be produced and logos should be not altered.

All Foundation logos can be downloaded [HERE](#).

COMMON MISTAKES

Always keep the proportions of the file as supplied

Don't rotate or distort

Don't use a drop shadow or any other special effects

Don't use any fading

Don't change the colouring of the logo

Don't place the logo on a busy background that will affect legibility

Don't place the logo on a background which provides poor contrast – all words should be clear

Partnership logos should be evenly spaced
