SEASON 2019/20

S **P**  **R** **I** **T**

INTRODUCTION

Schools play an integral role in developing young people both on and off the field and through our Saints in the Schools programme we hope to grow a family of schools and colleges who are passionate about providing their students and staff with opportunities to access the game of rugby, whilst building a network of positive environments for young people to grow. The Saints in the Schools programme can be catered to each schools requirements, linking delivery outcomes with the national PE curriculum for achieving essential development objectives at all Key Stages. We offer opportunities for staff development, working with teachers and assistants to increase confidence in delivering to their students. We believe in promoting a player focussed approach to coaching and want to support schools to develop their students' access to rugby both for those who want to participate socially and to inspire the next generation of young athletes with competitive ambitions.

As well as developing players, we also prioritise developing students as people through the advocacy of our core values, inherent from the nature of the sport itself. Together, with your school, we hope to leave a lasting positive impact on students to instil positive values that can lead to greater fulfilment in the classroom and life.

We hope that you will be able to find value in our Saints in the Schools programme and look forward to hopefully working with you in the near future.

Connor Fleming
Head of Community
Northampton Saints RFC

WHY NORTHAMPTON SAINTS?

Northampton Saints have been delivering rugby programmes within schools, clubs and the community locally, nationally and now internationally for over 20 years. Our reliable team of qualified and dedicated rugby coaches boast a passion for sport and player development. Our goal is to support the growth of the game through increased participation and accessibility to the sport for everyone. We also support the development of the various provisions within schools and clubs through coach education and coaching support. Our strong links to local junior rugby clubs assist in establishing exit routes for any students that want to pursue their rugby as an extra-curricular activity, whilst aligning schools with our player pathway alongside clubs to work towards representative rugby and the Saints Academy.

What can you expect from our coaches?

- ✔ Minimum RFU Level 2 Coaching Qualifications
- ✔ Level 3 Safeguarding Certifications
- ✔ First Aid trained
- ✔ Enhanced DBS Clearance Checks
- ✔ Professional
- ✔ Enthusiastic
- ✔ Bespoke training plans catered to school needs
- ✔ Friendly and approachable

What can you expect to see in your sessions?

- ✔ Student focussed sessions with an emphasis on individual development within a group environment
- ✔ Fun, small sided games encouraging maximal individual development opportunities
- ✔ Safe sessions planned and catered suitably to school facilities, environment and student abilities
- ✔ Integration of our core values into sessions to aid personal development alongside practical skill development: **Sportsmanship, Pride, Innovation, Respect, Integrity** and **Teamwork**
- ✔ Collaborative work alongside school staff to enhance their development

OUTCOMES

Alongside our own desired outcomes of developing core values, social confidence, physical literacy and teamwork, we understand how essential it is for the national PE curriculum to be supported through our delivery to ensure that students are exposed to appropriate development fundamentals through a cross section of drills, games and scenarios. We will incorporate these into our delivery in order to achieve these outcomes.

Development of movement skills 'Run, Jump, Catch and Throw', both in isolation and in combination within a team environment

Rugby is the perfect sport for achieving this outcome. Our coaches will spend time coaching techniques for catch and throw whilst promoting high levels of activity within sessions through small-sided games for maximal exposure.

Development of movement agility, balance, coordination, flexibility, strength, technique, control and balance

Throughout the practical delivery, all students will be subject to games and drills which directly develop the core movements ABC's.

Engage in competitive sport and activities

As the students' abilities and understanding of the game develops we will build in opportunities for them to compete against one another through games and, where possible, identifying opportunities for competitions with other schools.

Lead healthier more active lifestyles

Alongside the Saints in the Schools programme our staff are also trained to deliver a Healthy Eating programme, which enables them to educate students during delivery on leading more active lifestyles by understanding food groups, the consumption and utilization of energy and the importance of avoiding inactivity.

Develop competence to excel in a broad range of physical activities and participate in team games, developing tactics for attacking and defending both individually and within a team

We use a core set of adaptive games that exist throughout the Academy player pathway which require the students to identify, react and adapt to different constructs of rules and limitations within games.

-  Stack of Marker Cones
-  Coaching Resources

TESTIMONIALS

““ The coaches were very professional and prepared wholly suitable activities for each age group. We were also very impressed by a visit from James Haskell, who spent 2 hours taking an assembly and signing autographs for the children. Finally, several children were given the opportunity for free tickets to Northampton Saints games - what a fantastic experience. Thank you Saints! ””

Quinton Primary

““ Northampton Saints visits us every Thursday and works with our KS2 children. They are always eager to participate and learn new skills and enjoy the many varied warm-up games and drills. The coach is always well prepared and his experience shines through as he is able to identify those children who may need more support and demonstration. The coach is always punctual and flexible to the needs of the school and individuals within each class. This is our second year of working with The Saints and I am certain we will be booking a third. ””

Nassington Primary School

““ Beachborough School has had a partnership with Northampton Saints since September 2013. All of our pupils from the U8 age group up to the U13's have enjoyed access to the coaching from Saints, including on a match day on a Wednesday afternoon. As a result, our school teams' have enjoyed success on the local playing circuit with players' technical and tactical ability improving year on year. The Saints coaches have inspired our boys to be the best version of themselves, both in training and when representing the school. ””
